

Sprint 1 Report

Slug Pantry

Slugs en la Cocina

October 20th, 2019

Actions to stop doing:

The team needs to stop procrastinating when it comes to working on the project. Keeping track of Trello is important and spending at least a couple of minutes here and there browsing the supplementary material on discord could help in a lot of ways.

Actions to start doing:

The team should set down some guidelines on how much each individual does each week.

The team needs to complete more tasks.

Actions to keep doing:

The team has done a good job communicating and meeting, we should keep this up.

Work Completed:

Found an API that can be used to find recipes

Created an app and displays a listview

Created a firebase database

Work Completion rate:

No user stories were completed, approximately 6 hours of work related to this project was done during this spring
